Air Duct Cleaning Equipment-Residential/Light

Rotobrush *aiR*⁺ air duct cleaning system

The Rotobrush *aiR*⁺ air duct cleaning system is the premier equipment for residential and light commercial air duct cleaning.

- The wireless controller offers freedom and mobility
- The patented design allows for agitation and suction at point of contact
- Compact and portable, the system was designed for use by one technician. The pod feature is great for accessing hard to reach places like attics and crawlspaces.

Standard Rotobrush[™] air duct cleaning system

The Standard Rotobrush[™] air duct cleaning system is a great way to get into the duct cleaning business with a minimal investment. This portable package features our patented brush-and-vacuum system without the high-tech inspection tools. It's an easy way to get started.

Video Inspection

Roto-Vision® video inspection system

Use the Roto-Vision® video inspection system to include video inspection on all your jobs, so you and your customers can see the cleaning process deep inside the ducts.

The Roto-Vision® system with a 7-inch LCD color screen has a portable design and built in video recording abilities, making duct system inspections quick and easy. Battery-powered operation eliminates the need for cords on the job.

- 1 1/8" camera— designed for video-assisted cleaning
- 8 adjustable LED lights to reduce reflection off the ducts
- 4 hour rechargeable lithium batteries
- 65' semi-rigid cable
- Water resistant camera head
- Industrial strength carrying case

i²CAM™ marketing video inspection system

This system is the perfect marketing tool. Perform video inspections and show your prospective customers what's lurking in their ducts. Small and light this system goes anywhere. Have one on every truck and sell more jobs fast.

- Specially-designed 1" camera with 12' cord
- Illuminated with 6 LED headlights
- Battery powered— lasts 4 hours
- AC and DC chargers
- Picture and video built-in recorder with SD card
- Customer carrying case with adjustable strap
- 8" color LCD screen
